Total Maintenance Program

Keep comfort simple with C & D Plumbing and Mechanical's Total Maintenance Program (TMP). Members save energy, avoid inconvenient and unexpected repair costs, keep homes safe, extend the life of their HVAC and Plumbing equipment and save money! Equipment includes all A/C, heating equipment, and water heaters. All other attachable items are excluded.

Membership HAS ITS PRIVILEGES!

- **Program Payback***: The money you invest into your continuously active TMP membership accumulates toward the purchase of a new system (5-year max). We call it the TMP Bank. It's like getting free maintenance on your system plus all the perks and discounts of membership!
- **5-year Total Maintenance Plan payback** on all newly purchased and installed A/C and Heating equipment from C&D Plumbing and Mechanical LLC. Must maintain continuous Total Maintenance Program service on all equipment. When the unit needs to be replaced, we will credit up to 5 years of the plan value towards the purchase of a new unit.
- **3-year Total Maintenance Plan payback** on all new and existing A/C equipment and water heaters. If at any time under this plan your unit goes out and needs replacement, we will credit to you 100 % up to 3 years of the plan cost towards a complete qualifying unit replacement. Additional discounts or coupons do not apply. This is plan value only, not per piece of equipment. A/C unit plan must be purchased separately as one plan cannot serve multiple A/C or Heating units.
- **2-year Labor Warranty** on all C&D Plumbing and Mechanical newly purchased and installed A/C, Heating, and Water Heater equipment
- **3-year Parts Warranty** on existing A/C, Heating and Plumbing equipment. This applies to any existing part that is newly replaced by C&D Plumbing and Mechanical under the Total Maintenance Program. Qualifying equipment only. (Compressors and Coils, are 1 year only) Labor rates apply
- **10% Discount on Service Repair parts & Add-On Products only. Labor is excluded**
- **Priority service and comprehensive Maintenance.**
- **Reduced rate on after hour emergency calls**
- **Locked-in renewal on like equipment**

Travel charges may apply. Subject to ownership of qualified A/C, Heating, and Water Heater equipment only. The Total Maintenance Program is a seasonal scheduled maintenance service and cannot be exchanged for on-demand service or cash. If a scheduled maintenance is not performed the program will expire. **The seasons include once in the spring and once in the fall.**

* The program is to be used only toward replacing the equipment that is covered and maintained by C & D Plumbing and Mechanical. The plan value is for the equipment it is registered to only and is non-transferrable to other equipment except for water heaters (restrictions apply)

* Water heaters can only account for 25% of the plan value according to the terms of the 3-year plan. No other plans apply to the water heaters.

** Discount for maintenance and equipment only. Excludes all new construction and remodels.

*** Physical damage, abuse, acts of God, or neglect to equipment will void this program.

Plan membership starting at \$325.00 per year per unit per year

Please ask our Service Technician or call the office at 985-764-2220 for further information
